

Two-Column Text Layout

accented: café naïve São Paulo |

currency: ₹1,500 €20 ¥300 \$5 | emoji: 😊

🚀 ❤️ | hindi: नमस्ते दुनिया | chinese:

| arabic: مرحبا بالعالم | math: $\sum \int \sqrt{\infty} \neq \leq$

| ligature words: office floor affluent |

quotes: "smart" 'quotes' and – dashes

This paragraph demonstrates a two-column layout that flows across columns.

The text includes accented characters like café and naïve, currency symbols like ₹ € ¥ \$, and emoji like 😊 🚀 ❤️ .

Non-Latin scripts include Hindi (नमस्ते दुनिया), Chinese (), and Arabic (مرحبا بالعالم).

Mathematical symbols: $\sum \int \sqrt{\infty} \neq \leq$ are used in scientific documents.

Ligature words like office, floor, and affluent show advanced typography.

Smart quotes "like this" and dashes – should render correctly in PDF output.
